School Owned iPad - Introduction

Strathearn is committed to innovating with educational technology to enhance teaching and learning and communication within our school community. We embrace the opportunities with which iPad technology has presented us with and permit the use of an authorised Apple iPad in a manner consistent with the established teaching and learning objectives of the School. We also recognise and encourage the use of the iPad for educational purposes at home.

This policy applies to all student users of Strathearn iPad hardware and software applications. It applies to all iPads used by our students, wherever they are physically located - within the School, used in a Partner School or at home. It is intended to complement the School's wider policy on E-Safety and all other relevant school policies. Due to the nature of information and communications technology the policy will undergo periodic review and as such the School reserves the right to amend any sections or wording at any time.

The following details define the proper use of the device in school and out of school hours.

Section A – Overview of School Owned iPad

The school retains ownership of all iPads, cases, accessories and apps. iPads are provided to students on a year loan basis and at all times remain the sole property of the school. The School will provide all required components to ensure the iPad operates effectively in the classroom and should it decide to offer Wi-Fi access, maintains the right to selectively filter internet content and manage the use and connection of iPad to the school network in line with its E-Safety Policy.

Section B – Use of the iPad

i. Taking Care of iPads

Students are responsible for the general care of the iPad, case and power accessories. iPads or cases that are broken, or fail to work properly should be reported immediately. The school may provide replacements or a repaired iPad at its own discretion. If damage occurred, a written record of what happened to the iPad should be provided as soon as possible and signed by a parent or guardian.

Power accessories and cases are not covered by the school however replacement power cables can be purchased from the school Stationary store run by the Finance department. Damaged cases should be reported as soon as possible. Faulty Apple chargers should be replaced with another Apple charger suitable for iPad charging. iPad chargers are larger than iPhone chargers and only iPad chargers should be used with the school iPads at home.

ii. General Precautions

- iPads must never be left unattended or in any unsupervised area on their own or in a bag.
- If left in School overnight the iPad must be left locked in the student's locker.
- iPads must not be put inside heavy school bags or bags with items that may damage the iPad.
- Students should take care of school bags with iPads in them.

iii. Carrying iPads

- The school supplied protective case must be used with the iPad at all times.
- Power chargers should be left at home as the iPad should hold a charge for the duration of lessons.
- Avoid placing too much pressure or weight on the iPad screen with workbooks or folders especially if stored in full or heavy school bags. Consider taking a book out and carrying it to relieve the pressure.

iv. Using iPad at school (General)

- iPads are intended for use at school each day. In addition to teacher expectations for iPad use, school messages, announcements, planners, calendars and schedules may be accessed using the iPad. Therefore, students are responsible for bringing their iPad, fully charged, to all classes each day.
- If students leave their iPad at home, they are responsible for getting any assignments or coursework completed as if they had their iPad present. Spare iPads will not be available to students who forget to bring their iPad to school or who fail to charge their iPad.
- At all times, the class teachers' decision is final regarding use, or non-use of iPads, collectively or individually.
- Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.
- Only apps provided by School in the Self Service app and school profiles may be placed on the iPad. School profiles are applied by the mobile device management system.

v. Using iPad at school (Photographs/Images, video and audio)

- Photographs may only be taken on the iPad when authorised by a member of staff in relation to school work. The iPad cameras are not to be used at any other time to save space and misuse of the iPad.
- Photographs/Images stored on the iPad will be in accordance with this and the School's Acceptable Use of the Internet Policy. The School reserves the right to randomly check any iPad for unsuitable content.
- No images, audio or video recordings taken with a school iPad may be uploaded from any device to social networking sites by students. If required these can be shared with staff for promotional purposes.
- Recording of Strathearn staff or other pupils is prohibited unless specifically permitted by the class teacher and/or the member of staff to be photographed, audio or video recorded.

vi. Charging the iPad Battery

- iPads must be brought to school each day in a **fully charged** condition. Students need to charge their iPads each evening. It may take up to 3 hours to fully charge the iPad.
- Only authorised Apple chargers must be used to ensure that no device damage occurs.
- iPads can be turned off or put into airplane mode when they are not required to save battery power.
- Students are not permitted to use the power sockets in school to charge any device.

vii. Accounts, Passwords and AppleID's

- iPads work with a School Managed AppleID, specific to its allocated user. These Apple ID's are managed by the school. Apple ID's are used to backup iPad settings so if a replacement is required the settings are applied to the replacement iPad.
- All account details should be kept secure by the owner. Students are prohibited from sharing this password with anyone else except their parents or as requested by senior teaching staff.
- Students may not attempt to access other student or staff accounts or iPads at any time.
- Group work files can be shared via cloud storage so the group can work if others are out of school.

viii. Home Use

- Students are allowed to use their iPads outside of school with Parent/Guardian consent. The iPad can connect to other wireless networks to assist them with homework, coursework etc. It is the responsibility of the Parent/Guardian to monitor and oversee iPad use outside of school i.e. within the home setting.
- It is advised that digital devices such as school iPads be charged overnight away from bedrooms.

ix. Managing files and saving work

- It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. iPad malfunctions are not an acceptable excuse for not submitting work. Therefore, students should back up all work to Cloud storage such as OneDrive or Google Drive as provided to schools by C2K.
- Students can also access files and folders saved on the school C2K networked drives via My School.
- All C2K provided storage areas have space to allow for school work to be saved for as long as students are in post primary education so there is no need for files or emails to be deleted. However, folders and files should be organised by school year and subject with meaningful filenames used.

x. Software and Apps

- The school's mobile device management system audits the iPads daily gathering data on installed apps, web clips, profiles that are on the iPads.
- Periodic checks will be made to ensure the iPads are being kept up to date and are in a useable state.

xi. Software Updates

- The operating system will show that updates are available from time to time with a red dot on the Settings icon. Students are expected to allow iOS updates a few days after they become available and should update at home when the iPad is charging.
- Upgrade versions of apps are available from time to time. Students will be expected to allow these updates when they are available.
- If there is a difficulty with update to iOS or apps make sure there is enough free space on the device to all them to install. Apps can be removed and added again via Self Service. Documents, videos and photos can be uploaded to cloud storage and then removed from the device.

xii. Procedure for reloading software

- If technical difficulties occur or illegal apps or networking profiles (e.g. non School approved) are discovered, the iPad will be reset. The school does not accept responsibility for the loss of any software or documents deleted due to a re-format and re-image.
- Resetting iPads is a last resort measure carried out only if necessary when other solutions fail.

xiii. Inspection

- Students may be selected at random to provide their iPad for inspection to ensure they comply with the E-Safety Policy and the Acceptable Use of the Internet Policy.
- If a PIN or password is required to access the iPad students must share this information or face disciplinary action deemed appropriate in keeping with the School's Positive Behavioural Policy.

Section C - Acceptable Use Section

In addition to the School's Policy on the Acceptable Use of the Internet, the E-Safety Policy, the School permits use of an Apple iPad in a manner that supports the School's aims and objectives and is in line with all School policies.

This policy is provided to make all users aware of their responsibilities associated with efficient, ethical, and lawful use of technology resources. If a person violates any of the user terms and conditions named in this policy, privileges may be terminated, access to the School's network may be denied, and the appropriate disciplinary action shall be applied in line with the school's policies on the Acceptable Use of the Internet and the Positive Behavioural Policy.

i. Parent / Guardian Responsibilities

Parents are expected to talk to their children about the values and standards that they should follow on the use of the Internet and online services just as they do on the use of all media information sources such as television, books, movies, radio, telephones, advertisements etc.

Parents and students should familiarise themselves with the details in section B in case of accidents, theft or misuse.

ii. (ii) Student responsibilities:

- Use an iPad in a responsible and ethical manner;
- Obey general School rules concerning behaviour and communication that apply to all digital devices and their use;
- Use all digital school resources in an appropriate manner
- Turn off and secure their iPad after they are finished working to protect their work and information;
- Report any app or system containing inappropriate content or questionable material;
- Report any email containing inappropriate or abusive language or if the subject matter is questionable;

iii. Return of iPad

- The device should be returned to the school, when requested in the supplied case, with an appropriate working Apple power supply, working Apple or Anker power cable and in good working condition.
- iPads in their school case with an authentic Apple iPad charger and power cable will be returned to the School Office if a student leaves the school or at the end of a school year
- When returning an iPad, it must have a completed and signed return form to confirm everything has been returned, that outstanding items have been paid for and if there are any faults or issues of note.

iv. Prohibited Activities

In addition to the guidance outlined in the School's wider policy on Acceptable Use of the Internet students are **not** permitted to:

- Use or take another student's iPad;
- Use a staff member's iPad without consent
- Use other's usernames or passwords;
- Trespass in other's accounts including email, folders or files;
- Take any photographs, video or audio recordings other than those directed by a member of staff
- Upload any photo, audio or video content taken to any social networking sites.
- Use the school's Apple TVs without a staff members consent or when unsupervised
- Intentionally waste limited resources
- Stream video or audio i.e. live radio when not part of a taught lesson
- Airdropping to others without prior consent
- Download illegal content or material which is inappropriate;
- Attempt to 'Jailbreak' their iPad;
- Send or display offensive messages or material;
- Install or transmit copyrighted materials;
- Use obscene language or content;
- Damage devices, computer systems or computer networks;
- Change iPad settings (exceptions include personal settings such as font size, brightness, etc)
- Attempt to modify, upgrade or repair devices issued by Strathearn School;
- Get repairs done independently. Report any issues found to the school.

v. Legal Propriety

- Students should comply with trademark and copyright laws and all license agreements. Ignorance of the law is not immunity. If a student is unsure, they should ask a teacher or parent.
- Use or possession of hacking software is strictly prohibited and violators will be subject to sanctions. Violation of the law may result in criminal prosecution or disciplinary measures.

vi. iPad Identification

Student iPads will be labelled in the manner specified by the School. iPads can be identified in the following ways:

- A sticker label with the student's name and current form class on the back of the iPad case
- The device name in Settings -> General -> About should match the student's username
- The device Serial Number

vii. Disciplinary measures

Any student who persistently refuses to co-operate or violates any aspect of the provisions of this policy or the Acceptable Use of the Internet Policy may face disciplinary action deemed appropriate in keeping with the school's Positive Behavioural Policy.

viii. Staff Action

A student will be required to hand over their iPad to a member of staff if:

- the iPad is not being taken care of appropriately;
- there is a suspicion that the iPad has unsuitable material stored on it;
- a student has disrupted a lesson through improper use of an iPad;
- a student has misused her iPad to take photographs, video or audio recording on the school premises for which they have not received permission;
- the iPad or any of its features has been used for any form of bullying;
- games are being played on the iPad during class time without permission;
- the iPad is being used to stream video or audio outside of a class lesson at teacher direction;
- the iPad has been used to breach any school rule or policy;

ix. Student and Parent/Guardian Agreement Form

Please complete the form on page 8 and return it to the Form Tutor. By signing, the Student and Parental/Guardian Consent Form you are agreeing to abide by the School Owned iPad Pupil Acceptable Use Policy and Procedures, the E-Safety Policy and the Acceptable Use of the Internet Policy. This agreement lasts for the entire enrolment at Strathearn.

There is a small fee to cover the iPad Air's insurance for the school year. Please note that this does not cover the Apple charger, power cable or STM case. If the charger is damaged or broken you will be required to replace it with an official Apple replacement. When the student receives the iPad you should check over the items received to note the condition they are in and to confirm that they are functioning. Replacement power cables can be purchased from the school Stationery Store. Should the school provided STM case start to come apart or be damaged it should be reported to the school so it can be replaced or a suitable replacement can be sought.

The fee of £30 per year is to cover insurance for the iPads. This covers any fees required to repair or replace loaned iPads in the first instance. After the first repair or replacement, parents are responsible to pay the full amount of repair or replacement for any further iPad mishaps within the time an iPad is allocated.

This policy may be updated/amended. New versions of this policy may be found on the School website or a hard copy will be available through the school office.

Outside of the scheduled review of this policy, parents will be informed of changes via Parent mail.
